

Carving Block Ice Hoist, Model HST

- Designed specifically for use with Clinebell's Carving Block Ice Maker and Tilt Cart.
- Safely & effortlessly lifts the block of ice from the Clinebell Carving Block Ice Maker.
- The gear reduction chain hoist offers ease and reliability with minimal pull
- The Lifting Bar hooks onto the Lifter Plates that were frozen into each end of the block of ice. After gently flexing the sides of each chamber, slowly hoist the block of ice out of the machine.
- The Carving Block Hoist is designed to be used with the Clinebell Tilt Cart
